1 ABELIA AVENUE TRALEE
STAGE 2C - 201

1 Abelia Avenue Tralee has been crafted for those who appreciate refined simplicity and intelligent design of a home that simply works. Every space has been shaped with intention - from the tranquil master suite to the sun-lit living zones that open seamlessly to the outdoors. 1 Abelia Avenue Tralee is where considered planning meets contemporary comfort, creating a residence that feels both beautifully composed and wonderfully liveable.

- Ducted heating and cooling.
- Designer front façade.
- LED downlights throughout.
- Full fencing and landscaping.

SOUTH JERRABOMBERRA AT TRALEE

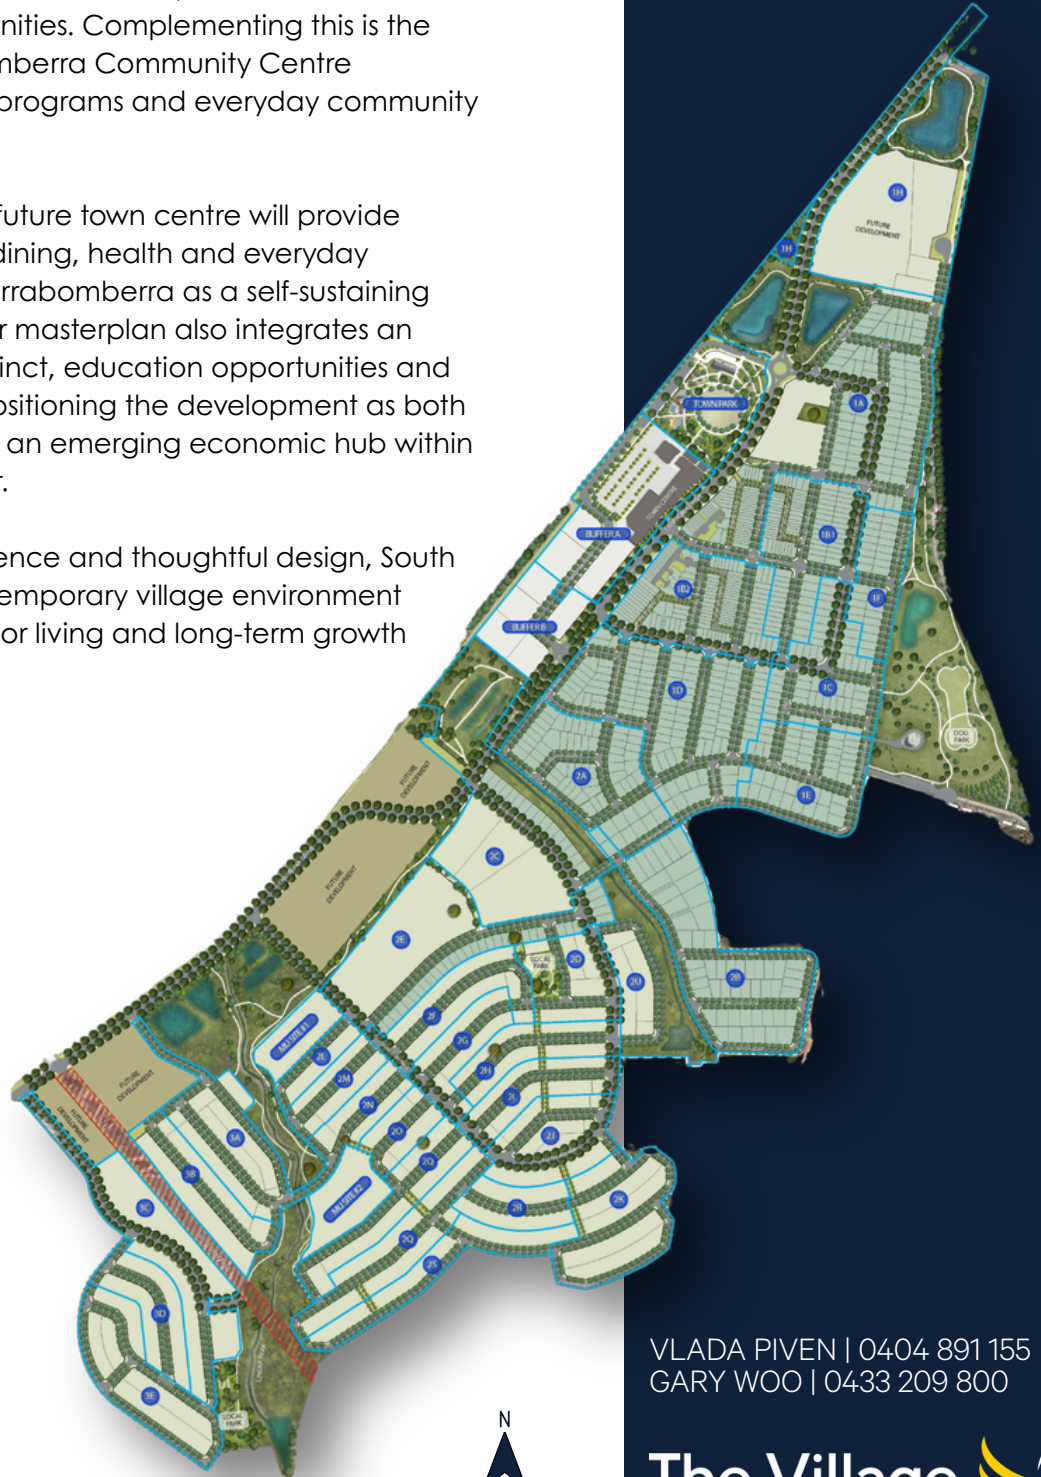

South Jerrabomberra is a masterplanned community in Tralee, NSW, designed to deliver a connected, family-focused lifestyle. The estate will ultimately comprise in excess of 1,500 homes for a growing population of more than 4,000 residents, offering a diverse mix of housing options to suit a wide range of buyers and life stages.

Set within a landscape of open space, the community has been carefully planned to emphasise connection. Residents enjoy access to South Jerrabomberra Town Park, extensive network of walking and cycling opportunities. Complementing this is the purpose-built South Jerrabomberra Community Centre designed to support events, programs and everyday community life.

At the heart of the estate, a future town centre will provide convenient access to retail, dining, health and everyday services, reinforcing South Jerrabomberra as a self-sustaining neighbourhood. The broader masterplan also integrates an expansive employment precinct, education opportunities and regional sporting facilities, positioning the development as both a residential destination and an emerging economic hub within the ACT-NSW growth corridor.

Combining lifestyle, convenience and thoughtful design, South Jerrabomberra offers a contemporary village environment where community life, outdoor living and long-term growth come together.
